

# ENGINEERING PERMIT APPLICATION

Official Use Only <b>Permit #</b> _____  <b>AP#</b> _____
--

**Disclaimer-Conditions** in accordance with Florida State Statutes 166.033, F.S. as amended:  
Issuance of a development permit by a municipality does not in any way create any right on the part of an applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the municipality for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law. A municipality shall attach such a disclaimer to the issuance of development permits and shall include a permit condition that all other applicable state or federal permits be obtained before commencement of the development.

An engineering/utility construction permit for proposed work, identified and described above as according to the approved specifications, which includes five (5) signed/sealed sets of drawings, maintenance of traffic plan, certificate of insurance, and the attached stipulations, is hereby approved and granted to the above contractor, subject to the permit and/or approval of the project and/or specifications required by any local, County, State, and/or Federal Agency.

This permit does not become valid until signed by an authorized representative of the City and all fees are paid. Contractor shall to the fullest extent permitted by Laws and Regulations, indemnify and hold harmless the City or its agents and anyone else directly or indirectly employed by any of them from and against all claims, costs, losses, and damages arising out of or resulting from any claim or action legal or equitable brought by any such owner or occupant against the City or any other party indemnified hereunder to the extent caused by or based upon Contractor's performance of the Work.
