CITY OF WESTON

DEBRIS REMOVAL:

Following the impact of Hurricane Irma, the City of Weston has submitted a request for assistance based upon the post-disaster emergency management process that FEMA has in place.

The City is also exploring additional options to assist in the removal of the additional vegetation and storm debris.

Broward County's Temporary Debris site for disposal of storm debris will not open until Friday evening; therefore, debris cannot be disposed of by waste haulers until that time.
