## BSO LAW ENFORCEMENT OFFICER OF THE MONTH DEPUTY STEVE BARRETO

On Monday, July 6, 2016 Anne Carlino drove herself to the hospital and never made it through the front doors. She collapsed after having a major heart attack, in the hospital parking lot. Deputy Barreto was off duty and driving through the parking lot when he saw Ms. Carlino fall, from having the heart attack.

He immediately checked on her and started CPR, quickly secured help from the hospital and then returned to her to give her more CPR until EMS arrived. Thankfully, Ms. Carlino survived. She just had her 6 week check up and has been given the all clear by all of her doctors. Her family is relieved that she is back to her normal self.

The City of Weston proudly honored Deputy Barreto at the September 26 City Commission Meeting for his dedicated efforts to save a life, even while he was off duty.

## TAKE TIME FOR FIRE PREVENTION

# Don't Wait — Check the Date!

### Replace Smoke Alarms Every 10 Years

**Fire Prevention Week**  
**Oct. 9-15, 2016**

Age matters when it comes to your smoke alarms.  
Check the manufacture dates on your smoke alarms today!

<p><b>1</b> Remove the smoke alarm from the wall or ceiling.</p>			<p><b>2</b> Look at the back of the alarm for the date of manufacture.</p>
<p><b>3</b> Smoke alarms should be replaced 10 years from the date of manufacture.</p>			<p><b>4</b> Put the alarm back on the ceiling or wall if it is less than 10 years old.</p>

A closed door may slow the spread of smoke, heat and fire.

Test smoke alarms at least once a month by pushing the test button.

If the smoke alarm sounds, get outside and stay outside. Go to your outside meeting place.

Install smoke alarms in every bedroom, outside each separate sleeping area, and on every level of the home, including the basement. Larger homes may need more alarms. For the best protection, make sure all smoke alarms are interconnected. When one sounds, they all sound.

Call the fire department from a cellphone or a neighbor's phone. Stay outside until the fire department says it's safe to go back inside.

For more information about smoke alarms, visit [usfa.fema.gov](http://usfa.fema.gov) and [firepreventionweek.org](http://firepreventionweek.org).
