HURRICANE SEASON IS HERE ARE YOU WESTON READY?

Hurricane season begins this week, and once again it is time to prepare your home, family and business for the storm season ahead.

ARE YOU WESTON READY?

The City of Weston takes storm preparation seriously. You should, too. It only takes one storm to severely impact your life and the community around you. Follow us on Twitter – [@CityofWeston](https://twitter.com/CityofWeston) for city news and information, including #WestonReady tips throughout hurricane season. Our new alert account [@WestonFLAlert](https://twitter.com/WestonFLAlert) will provide notifications of an urgent nature, so we suggest that you set push notifications to receive such alerts in real time. You can also find a wealth of resources online at WestonFl.org/Hurricane.

WHY PREPARE NOW?

It's easy to be complacent. South Florida learned that lesson when Hurricane Andrew – the first storm of the 1992 season – impacted the region in August of that year. Don't wait until a storm threatens our area. NOW IS THE TIME to make your plan.

WHAT DO YOU NEED?

Visit WestonFl.org/Hurricane to find out what you should have in your **personal Disaster Kit**. Remember, *the first 72 is up to you*, you should have enough supplies to sustain yourself for at least 3 days after the storm.

Be Prepared...Be Weston Ready!

TOWN CENTER PARK *RAILING REPLACEMENT*

The City is in the midst of a railing replacement project at Town Center Park which lies at the south end of Weston Town Center.

The project encompasses removal of the current cable railing, as the system was deteriorating, and is being replaced with 1500 linear feet of new fencing constructed of aluminum powder-coated vertical rails. The attractive new railing system will provide for enhanced safety, especially for smaller children, at the water's edge. The project should be complete by mid-June.

[Town Center Park](#) is a 6-acre linear park that runs along the waterfront at the south end of Weston Town Center, located at the intersection of Royal Palm and Bonaventure Boulevards. Perfect for a casual stroll or picnic, the park includes lighted waterfront paver walkways, water font benches and an outdoor amphitheater with grassy area for relaxation.

WESTON VISITORS GUIDE SUMMER 2017 EDITION NOW AVAILABLE ONLINE

Expecting summer guests? Refer them to the Weston Visitors Guide, a listing of local businesses that is a perfect guide for visitors, as well as residents. The guide includes restaurants, shops, personal services, grocery stores, automotive services, houses of worship, hotels, hospitals, post offices, financial institutions, and city park facilities. Click on the image below to access the guide online. Printed copies will available at city facilities, as well as the Weston Branch Library, Bonaventure Town Center and local hotels.

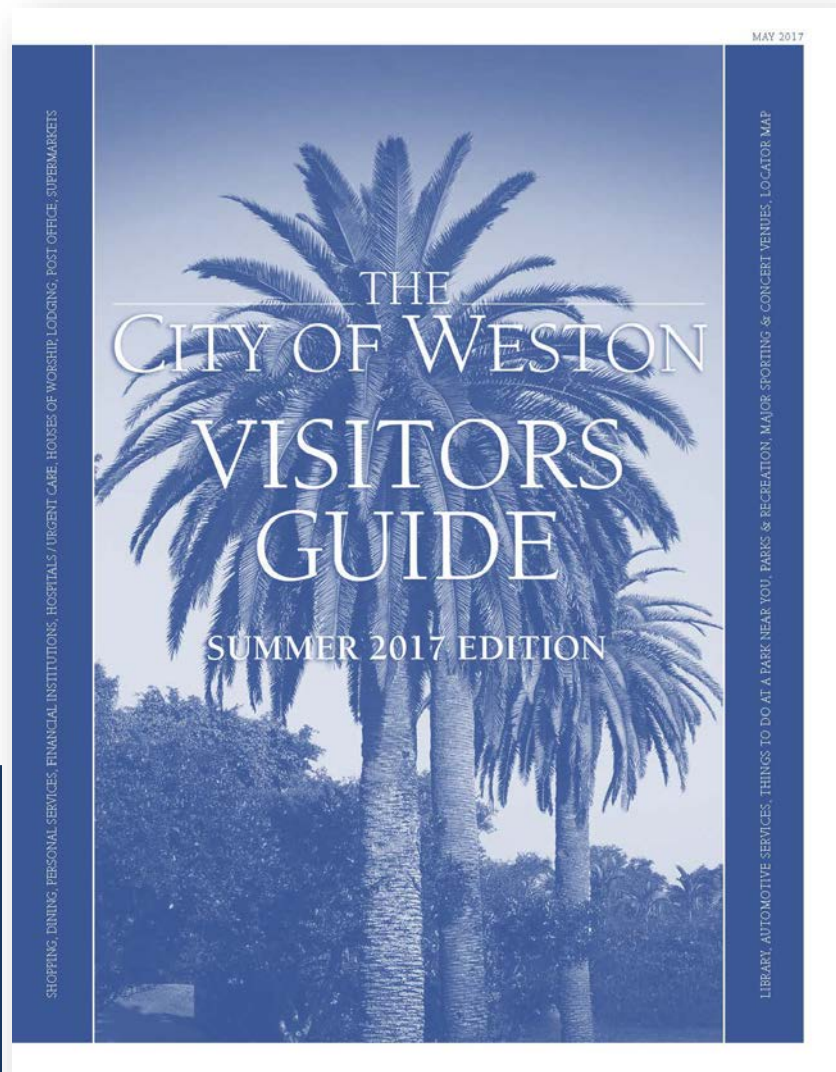

The City of Weston Visitors Guide is updated regularly and features local Weston businesses in the categories of Dining, Personal Services, Shopping and more.

Businesses must have a commercial storefront in the City of Weston **and** maintain a valid Business Tax Receipt as of the deadline date published in the guide. Businesses that would be utilized by out of town visitors are listed in the guide.

Printed copies will soon be available at:

Weston City Hall
17200 Royal Palm Blvd.

Weston Community Center
20200 Saddle Club Road

To view the guide online, simply click here:

DRONE LIFE

Facts and Details about the Latest Trend to Take Flight

What started off as a hobby for many has turned into a business to those that have mastered the workings of drones, or unmanned aircraft systems (UAS's). Now popular for convenient access to aerial shots above construction or project sites, or to film an area for promotions, drones have a variety of uses that are more common in our work and personal life.

UNDERSTANDING DRONE REGULATIONS

Since drones are aircraft, there are regulations in place by the Federal Aviation Administration (FAA) for their safe operation and use – depending upon if you are using the drone for fun or for work.

Flying for Fun

No operator certification requirements; however, the drone must be registered if it is over a half pound (8.8 oz. or .55 lbs. to be exact.) You must notify airport and air traffic control prior to flying within 5 miles of an airport; and must always yield to manned aircraft and keep the drone in sight. *-Per Public Law 112-95, Section 336 – Special Rule for Model Aircraft*

Flying for Work

Example: Aerial surveying, photography services

Must have Remote Pilot Airman Certificate and pass Transportation and Security Administration (TSA) screening. Minimum age is 16 years old. The drone must weigh no more than 55 lbs., and must be registered if it is over a half pound (8.8 ounces). A pre-flight check is required to ensure that the UAS is in condition for safe operation. Can fly in class G airspace, unless a waiver is filed to enter other airspace. The drone must be kept in sight and fly under 400 feet, during daylight hours, at or below 100 mph. Must yield to manned aircraft and not fly over people or fly from a moving vehicle.

-Per Title 14 of the Code of Federal Regulation (14 CFR), Part 107

*In addition to Federal regulations, check local regulations (county and municipality) before flying a drone in your area. For example, in Weston, **Drones are prohibited in all City parks.***

To Register Your Drone (UAS), visit registermyuas.faa.gov.
