

The Nation's Premier Municipal Corporation

By Mayor Eric M. Hersh

“Our stakeholders
are the residents,
businesses and
property owners
in the
City of Weston.”

Our slogan, “The Nation’s Premier Municipal Corporation” has appeared on our annual reports, newsletters and the like. Many have asked, what does that mean?

It means that we are running our city like a business. Our business is to provide outstanding municipal services, and to help foster a safe and outstanding quality of life for our residents. Our stakeholders, like shareholders in a traditional company, are the residents, businesses, and property owners in the City of Weston. Our responsibility to the shareholders is to add value by providing a community they can be proud of, and at the same time, increase the value of their property or business over time.

Part of our job in running this “Municipal Corporation” is to keep you, the shareholders informed, so that you know what’s happening, and can provide feedback on the operation, direction, and policies of the City. Many of you have, over the past couple of years, been active in providing that input, and we thank you. Many times a simple explanation will do. Many times, you have provided suggestions that have led to improvements or changes. It is why we produce and mail this newsletter each quarter, as well as our annual report that you all received a few months ago. All are a valuable part

The Nation's Premier Municipal Corporation

(continued from cover)

of the ongoing commitment to be “The Nation’s Premier Municipal Corporation.”

So, with all the successes we have had over the past few years in Weston, where do we go from here? Well, we’re not going to rest on our laurels. We have work to do!

We are increasing, once again, the police protection provided through our contract with the Broward Sheriff’s Office, to meet the growth of our community. An additional patrol zone will help us keep more officers patrolling the streets, keeping us safe.

In fire rescue, we are delighted to be completing our project of building fire wells along U.S. 27 to protect the City from brush fires coming off the Everglades. We’ve all seen these fires spread quickly in other parts of South Florida when the weather gets dry, and we want to make sure that we have an adequate supply

of water to battle any fires that approach our city. Hopefully, we will never need to use them, but if the need does arise we are ready. We are also adding dive rescue certified personnel to our ranks to assist with any water event. With all the lakes in Weston, we need to be able to quickly respond to someone in trouble. Also assisting in

this area, equipment was purchased that launches floatation devices from the shore.

Park improvements throughout the city are ongoing. Vista Park construction is going well, and we look forward to getting the additional fields open in the near future. The ‘roundabout’ at the entrance of the Regional Park at Weston will help slow traffic coming into the park, and additional meeting structures, bathroom improvements, and passive areas continue to be built and developed at various city parks. Of course, we ask for your patience while we make these improvements. We are also excited that construction has begun on the new YMCA to be located as your drive into the Regional Park at Weston. This partnership between the City and the YMCA will provide a superb facility for residents of all ages. An Olympic size pool, gymnasium, fitness center, teen center, and activity rooms are just a part of this addition to our city.

This year, we will be improving traffic flow with the interconnecting and timing of traffic signals throughout the city to keep traffic moving more efficiently. Additional curbing will be installed in areas around our schools to keep the grass and landscaping in good condition, while providing orderly parking and school access.

Speaking about schools, we recently completed the donation of additional land to the School Board of Broward County, providing space for more student stations to reduce overcrowding. The School Board

has undertaken construction of several additions, and more are on the way. We will continue to work with the School Board to enhance and improve education in Weston. We are also delighted that Cypress Bay now has a football stadium complete with lights and bleachers, thanks to a partnership created with Cypress Bay. The City is working on assisting the school with additional facilities for baseball & softball in the upcoming year. Our community can now come together to cheer on the Bay’s sports teams, and I can tell you, they are making us proud by bringing home championships.

Finally, another successful July 4th has passed. This has become a true tradition in our young city, and it’s always a pleasure to celebrate our national holiday with all of you.

On behalf of Commissioner Bartleman, Commissioner Herrera-Hill, Commissioner Stermer and Commissioner Chermak we thank you for the opportunity to serve this great city and look forward to a bright future as “The Nation’s Premier Municipal Corporation.”

A Note From The City Manager

John R. Flint

Weston has always prided itself on being a family oriented community, with a special emphasis on children. To that end, we have made substantial investments in public educational and recreational facilities so that Weston's students excel in their academic and athletic pursuits.

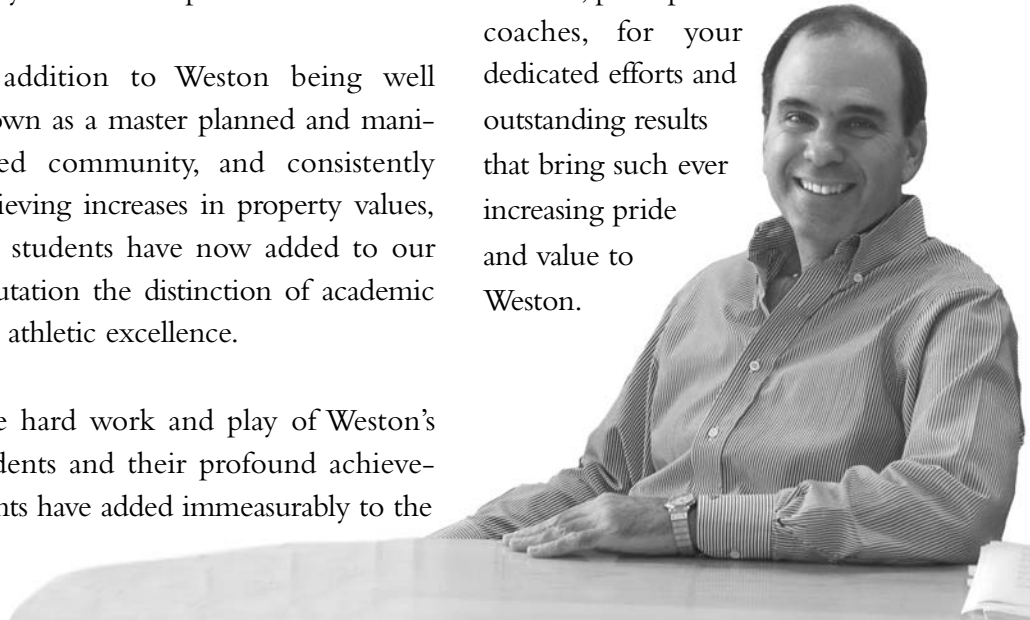

What a return these investments have yielded. Each of the ten public schools located in Weston, including the Charter School, have earned the recognition of being an "A" school. In its second year of existence, Weston's Cypress Bay High School is home to the Boys Baseball State Champions,

Boys and Girls Cross Country District Champions, Boys and Girls Soccer District Champions, and Boys and Girls Tennis Regional Champions, and many other accomplishments.

In addition to Weston being well known as a master planned and manicured community, and consistently achieving increases in property values, our students have now added to our reputation the distinction of academic and athletic excellence.

The hard work and play of Weston's students and their profound achievements have added immeasurably to the

value of our city, and to the benefit of all of our residents and businesses. Congratulations, and a very big thank you to all Weston students, parents, teachers, principals and coaches, for your dedicated efforts and outstanding results that bring such ever increasing pride and value to Weston.

Second Class Graduates from Weston University Program

Another year, another group of students, and as in the year before - so very much more. As the second graduating class of Weston University moves on to summer fun, City officials and staff are once again left with not only fond memories of a great group of kids, but with the unique perspectives, questions and ideas that a bright and inquisitive group of students bestowed upon an eager and open audience in our city staff.

Before graduating this past May, the Class of 2004 participated in a City Commission simulation which held all of the trappings of a true Commission meeting. Partaking in their selected roles as Commissioners, staff members, developers or citizens, the students debated issues on an agenda reflective of an average Weston City Commission meeting. The agenda was complete with ordinances regarding site plans on two large development issues, an addendum to the Police Services Agreement, awards of bid, and even a last-minute issue regarding the use of motorized scooters.

The resolution regarding scooters was actually addressed by this teen commission just days before being considered by the Weston City Commission in order to get their input. After an animated and lengthy debate, the outcome was much the same - the teen commission deferred the item, unable to come to a consensus. The debate showed students just how difficult it is to make decisions that impact others and, as stated by Mayor Hersh, "In many issues there isn't a right and there isn't a wrong." Interested and knowledgeable on the issues, the students demonstrated their understanding of local government and parliamentary procedure. A celebratory luncheon concluded the day and the eight-month program.

The next class of Weston University students will be selected from Weston high schools in September and October after having submitted required essays. Home-schooled students wishing to apply should provide their name and address to the City's Director of Communications.

Weston Tennis Center

Hosts Open House

The Weston Tennis Center hosted an open house and exhibition on May 19th. The recently remodeled facility, featuring 16 courts, brand new locker rooms, reception area and pro shop, along with covered patio area, “now stands ready to serve an area jammed with tennis players,” said Cliff Drysdale. Drysdale, formerly ranked #1 worldwide, is now an ESPN commentator and owner of Cliff Drysdale Tennis, the management company contracted by Weston to run the Center.

The catered affair, attended by about 600 tennis enthusiasts, included live music by the Tommy Dalton Band, a display of a custom-made motorcycle collection prepared by Sickasso Cycle Creations of Hollywood, and two tennis courts especially reserved for children to hit balls and play in a bounce house.

Out on the courts, the “Main Event” took place. Drysdale and Miami Dolphins quarterback Sage Rosenfels

played a quick exhibition set against tennis center director and internationally ranked player Damien Ward, and Dolphins kick returner Sam Simmons, with Weston Tennis Center general manager and top ATP and WTA coach Kyle Mayberry providing shot-by-shot commentary. Spectators packed the bleachers as Drysdale took over the announcer’s chair to call an intense set between world class tennis pros Justin Gimbelstob and Jay Berger, a former Weston resident.

Mayberry, who has worked at the center since it opened in April 2001, said the open house met its objectives. “It showed the community and the City that we have a great tennis facility,” Mayberry said. “The most popular event is the men’s singles night on Wednesdays. A ladies’ singles and doubles night on Tuesdays is coming soon.” Other programs offered at the center include camps, clinics, lessons and leagues.

In June, the Broward Sheriff's Office Department of Fire Rescue and Emergency Service took delivery of three new Fire Rescue trucks for use in the City of Weston, replacing three older models. The \$371,400 price tag for the three vehicles was paid for by the Broward Sheriff's Office, provided for in our current agreement.

These new 2004 Taylor Made models replace three 1997 models, providing an additional 6" inches in length and 4" in height in the patient areas, have a built-in cooler for medications, and an ultra violet light in the air conditioning system which kills 99% of all germs and bacteria. The interior design is also more user friendly, providing easier and quicker access to equipment.

With the Installation of a Stadium Seating and Field Lighting*

On Thursday evening, September 23rd the first home field, night game for the Cypress Bay High School Lightning Football team will start with a ceremony to “Flip the Switch” - celebrating the installation of sports field lighting, along with stadium seating for over 2,500 and a press box. A packed house is envisioned as the Cypress Bay Lightning host Flanagan High School on home turf. A very special part of the ceremony has been reserved for the presentation of Championship Rings to the Cypress Bay Lightning Baseball Team. With the best record of any baseball team in the state (30-2), the Cypress Bay Lightning culminated an astounding season by winning the State Baseball Championship, Class 6A.

City Commissioners, along with Principal Scott Neely will do the honors as we

Light up the Night *for the future of athletics at the Bay*

To facilitate Cypress Bay in purchasing the needed sports

lighting and stadium seating, the City of Weston served as project manager and contributed \$400,000 towards the \$550,000 total cost. The School Board provided the \$150,000 balance, and the City’s contract engineering firm, Calvin, Giordano & Associates, donated the design and engineering services.

With an already staggering list of athletic achievements in just two years, as displayed in the table below, Cypress Bay teams will now be able to showcase their talents at home, at night, with friends and family cheering them on.

- Date:** Thursday, September 23rd
- Time:** 6:00PM
- Tickets:** Football game tickets can be purchased from the high school

We congratulate all athletic, academic, musical, theatrical and artistic achievements that students have achieved in just two short years at the Bay and wish you another exciting and successful school year.

Schools in Weston All-A's !

Congratulations are in order for all 10 Broward County Public Schools in Weston. Every school received an A Grade in Florida's A-Plus Plan, which grades schools on a scale of A through F. Way to Go!

Each year the City Commission honors each A-rated school and its principal at a City Commission meeting when school resumes in the fall. This year we are looking forward to a very crowded awards photo!

Students, teachers, administrators and parents are all to be congratulated.

Construction progresses on the Eagle Point Elementary addition in late June.

More Classrooms

for Broward County Public Schools in Weston!

- Cypress Bay High School will receive 36 more classrooms, as a result of the City's donation of 4.9 acres to the Broward County School District. Construction is expected to be finished by the year 2006.
- Manatee Bay Elementary will get 16 additional classrooms, to be created on 5 acres adjacent to the school that the City turned over last April.
- Sixteen (16) new classrooms are planned for Gator Run Elementary where the project is in the design phase.
- Eight (8) additional classrooms are under construction at Country Isles Elementary where work is expected to be completed in August.
- Eagle Point Elementary has an 18 classroom addition under construction.
- Everglades Elementary is slated for 12 additional classrooms currently in the design phase.

School Zones: 15 MPH Strictly Enforced

Public schools went back in session on Monday, August 16th. Once again, the Broward County Sheriff's Office will have "ZERO TOLERANCE" for speeding within a school zone. Parents are also urged to take note that deputies will be watching for vehicles making illegal turns - a major traffic problem, especially during the morning school drop-off times.

- WATCH YOUR SPEED!
- NO ILLEGAL TURNS!
- USE THE CORRECT DROP-OFF LANE

And then,

- BE SURE TO GIVE A FRIENDLY WAVE TO YOUR CROSSING GUARDS WHO HELP PROTECT OUR KIDS EACH SCHOOL DAY!

Cell Phones

As a courtesy and extra safety practice, avoid talking on cell phones when in a School Zone.

Curbing to Curb Parking on Grass at Several Elementary Schools

The design for curbing, drainage and landscape improvements is currently underway for four elementary schools:

- Chancellor Charter School**
- Gator Run Elementary School**
- Indian Trace Elementary School; and**
- Tequesta Trace Elementary School**

The new curbs will prevent vehicles from being driven onto the swales. Currently, sod has to be continually replaced at these locations as parents pull onto these grassy areas to drop off and pick-up children. The new curbing will allow parents to parallel park which will also

provide for a safer entry back into traffic. In addition to the curbing, Chancellor Charter will receive six additional bus bays, providing more space for parents using the drop-off lane, which will speed up drop offs and dismissals. City engineers anticipate beginning construction by early fall.

The City is currently studying the site of Falcon Cove Middle to determine if curbing is necessary at this location and next year, curbing will be designed for Country Isles and Manatee Bay Elementary Schools. Project funding is provided by the Local Option Gas Tax revenue.

Keeping Kids Safe

The 2004/2005 Broward County Public School year began August 16th. We want to remind parents and students of some important safety tips to ensure that students stay safe on their way to and from school.

- Discuss the safest route to and from school or to the bus stop.
- Encourage your children to walk with friends, not alone.
- Tell children to avoid places that could be dangerous, and to notify an adult - you, a teacher, a neighbor, or a deputy - about anything that doesn't seem quite right.
- Map out the route you help your children select.
- Talk about why it is safer to cross at the corners using crosswalks.
- Walk along with your children on the safest route you've helped them select so they may become familiar with it.
- Help your children understand how important it is to cooperate with deputies, school safety patrols and Weston's professionally trained crossing guards. Weston has over 60 crossing guards to help children cross safely.
- Teach your children to STOP, LISTEN, AND LOOK for approaching and turning vehicles, especially those turning right on red.
- Stress the importance of allowing enough time to cross the street safely.
- Make sure your children understand they must walk, not run, across the street - and continue to look for vehicles.

- Encourage and praise your children for following the guidelines for safe walking every day.
- Discuss the drug problem with your children, and emphasize their ability to just say "No" to teens or adults who offer them drugs.
- Remind children NEVER to go with strangers. They should run for help even if the stranger has a weapon.

Parents who drive their children must also prepare.

Here are some tips for you:

- Carpool with neighbors to reduce the number of cars at the school.
- Comply with the 15 miles per hour speed limit in school zones.
- Arrange for a specific place to meet your children, on the same side of the street as the school and away from the congestion.
- Use your seatbelt! Children will follow your example.
- Use a properly installed car seat/booster seat. BSO can assist if you are not sure how to correctly install these seats. You may have your child safety seat inspected or installed at the Weston Police Services Building every Saturday from 10am to 2pm.

The July 4th Weston Hometown Celebration

Another Fabulous fourth

The 11th Annual July 4th Weston Hometown Celebration was off to a running start as the annual 5K race got underway at 7am with over 500 participants racing under a clear morning sky as the sun rose over Weston.

That sun was a bit sweltering as the parade wound its way through the streets surrounding Town Center and up Main Street, but it certainly did nothing to wilt the enthusiasm of the throngs of cheering spectators that crowded the parade

route. This year's Grand Marshals, the Cypress Bay Lightning Baseball Team, enriched the morning as our true Hometown Heros. This young team broke a long-standing drought, dating back to 1947, when Fort Lauderdale High was the last Broward County public school to win the Baseball State Championship title. Our hometown heros managed to grab the brass ring in only their second season. Riding or marching in the parade along with our Grand Marshals were over 50 groups including marching bands, floats, trail rides and costumed characters. City officials were

1. Mayor Eric Hersh & family 2. Commissioner Barbara Herrera-Hill & family, 3. Commissioner Robin Bartleman & family, 4. Commissioner Daniel Stermer & family, 5. City Manager John R. Flint & wife Sandi, 6. Commissioner Murray Chemak & wife Gloria, 7. Senator Debbie Wasserman Schultz and family, 7. State Representative Nan Rich

riding in style, seated in 2004 Honda S2000 convertibles, all donated by Rick Case Honda. The Mayor stepped back in time, cruising down Main Street in a patriotic, flag-red '59 Cadillac El Dorado - even the kids considered this car "sweet."

From Town Center, activities moved to the Weston Regional Park beginning at 5:00pm where partygoers were treated to continuous live music, games, activities, bounce houses, food and much more. Residents displayed their patriotism in full

July 4th regalia while dancing, mingling and just have a downright fun Fourth. Thousands flocked into the Park as the hour got later, and by the time the first firework was sent skyward, a record crowd was on hand to witness a spectacular aerial presentation. Rolling waves of ooh's and ahh's drifted throughout the crowd as Weston's fireworks finale honoring our country's independence exploded in colorful extravagance. Our thoughts never far from those serving to keep our country safe, Weston celebrated this great day with much thanks and appreciation.

Barking Up The Right Tree

County Commission Agrees To Develop Dog Park In Markham Park - Weston Donates \$50,000

Residents of Weston and the surrounding areas of southwest Broward will soon

Park preserves valued park space within our smaller municipal parks while still providing quick access to Weston residents and the residents of all cities in southwest Broward.

have a dog park for whiling away the hours with man's best friend. On June 22nd, the City of Weston presented the County Commission with a ceremonial bone, oops, check - in the amount of \$50,000 stamped with our paw of approval toward the estimated \$406,582 cost of construction of the long-awaited dog park.

The dog park design plans include 40 parking spaces, fencing, sod, mulch, an asphalt path, irrigation, pet fountain, pet comfort station, two shade structures, benches, pet play structures and a gatehouse. These features are designed to enable dog owners to easily bring their pets for exercise and socializing.

After receiving requests from residents for a dog park in Weston, the City approached Broward County with the idea of developing the canine facility within the 667-acre Markham Park which borders Weston to the north. The City Commission has long supported the concept of a dog park, and constructing the facility at Markham

The County anticipates construction of the dog park to be completed by the year's end.

Markham Park is located at the north end of Weston Road at State Road 84.

The Parks Report

Eagle Point Park

With 12 municipal parks and a tennis center, the Community Services Department is constantly assessing the equipment and fields at every facility. Maintenance, improvements and upgrades are provided to preserve and enhance the superb quality of our Weston parks system. Recent and upcoming improvements include:

- **Eagle Point Park** - Improvements completed! Extensive landscaping, walkways and new tot lot have been installed for your enjoyment.
- **Gator Run Park** - Construction on the addition of restroom facilities continues and will be completed by this summer.
- **Weston Regional Park** - An outdoor stage located along the north side of the Community Center has been completed. The stage will accommodate special events and sports league award ceremonies. Also finished this summer was the construction of a sixth restroom adjacent to the roller hockey tot lot. Construction of the Roundabout began in mid-July at the park entrance, at the intersection of South Post and Saddle Club Roads.
- **YMCA** - Located inside the Weston Regional Park: Earthwork is underway and facility construction anticipated to begin this fall.
- **Vista Park** - Development is underway and should be completed by the fall of 2004. Features include: 4 soccer/football fields, 4 baseball/softball fields, playground, and concession/restroom buildings and sports lighting.

Roundabout Underway

New entranceway to Regional Park

Patience is asked of drivers using the South Post Road and Saddle Club intersection area where construction of a traffic roundabout began in July. Completion of the project is anticipated for late January 2005.

Delays along South Post and Saddle Club Roads near the park will be inevitable due to lane closures during the construction. Ultimately, the overall safety of our children and residents will be enhanced upon completion of the roundabout, along with a beautiful entranceway befitting our world-class regional park.

Be Head Smart

City to Roll Out Safety Campaign

With the surge in popularity of wheeled sports, the Weston City Commission has authorized a safety campaign which focuses on the recreational use of bikes, scooters, skateboards and skates. The **Be Head Smart** campaign stresses the importance and life safety issues of wearing a helmet when participating in any wheeled sport - even though it may not be required by law. It also provides Florida law regarding where bikes, scooters and skates can be used.

Brochures will be provided to all Weston elementary schools in late August when school has resumed and will be provided to Weston BSO deputies for their contact with children and the public.

PARENTS - While the brochure is designed to hopefully catch the eye of children, it is ultimately you who governs your child's safety practices. **BE HEAD SMART** - have your child wear a helmet

The **BE HEAD SMART** brochure will also be available on the City's website at www.westonfl.org, or if you would like a copy please call or stop by Weston City Hall or the Community Center.

HEAD INJURY STATISTICS:

- **Number 1** killer and disabler of children in America is Traumatic Brain Injury (TBI)
- **3,000** children are killed each year and approximately 29,000 are hospitalized with a brain injury
- **85%** of head injuries are reduced by wearing a helmet
- **88%** of brain injuries can be reduced by wearing a helmet
- **2 feet** the distance from which a fall can result in a TBI
- **A helmet** is the simplest, most cost effective way to prevent wheel-related brain injuries
- **There is no cure for brain injury.** Brain cells do not heal like broken bones or torn muscles

Commuter Services Available *To Residents and Businesses*

SFCS - South Florida Commuter Services is a tri-county commuter assistance program that is free to South Florida drivers, funded by the Florida Department of Transportation.

This program promotes alternative modes of transportation including Rideshare Matching, the Vanpool Program, Transit Discount Programs, and Tax Benefit Assistance. Also included is the Emergency Ride Home Program which is available to commuters who use an "alternative mode" of transportation at least three times per week.

Rideshare Matching: Database to match people in the tri-county area that live/work near each other and have similar work hours; instant matches available online.

Vanpool Program: A unique program where a group of 5 or more commuters share a ride to and from work; the program subsidizes \$400 a month per vanpool for the cost of the month-to-month, risk free lease of a van (with insurance). The driver gets use of the van on weekends and for personal use. The City of Weston, in support of commuter services, will allow a program van to be parked overnight in City parks if the resident driver does not have available parking.

For details on these and other SFCS assistance programs promoting the reduction of traffic congestion, please call the Regional Call Center at **1-800-234-RIDE** or visit the web site at www.1800234RIDE.com

Wheeled Sports

MOTORIZED SCOOTERS *Gas and Electric Powered (Go-Peds)*

It's The Law: Prohibited on roads, sidewalks and bike paths

- Requires a valid Florida drivers license to operate motorized scooters on any roads (FS 322.01) BUT, under Florida law, they cannot be issued a motor vehicle license tag, therefore CANNOT be operated on any roadway (FS320.01)
- Are prohibited on sidewalks and bicycle paths (FS316.1995)
- Violators may be issued a citation (FS318)

The U.S. Consumer Product Safety Commission has issued a recommendation that users of motorized scooters wear bicycle helmets

SCOOTERS *The foot powered kind*

It's The Law: Prohibited on roads. Allowed on sidewalks & bike paths

- Non-motorized scooters (human powered) may not go upon any roadway except while crossing a street on a crosswalk (FS316.1195)

While non-motorized scooters are allowed on sidewalks, helmets are still strongly urged at all times for head protection

BICYCLES

It's The Law: Permitted on roads, sidewalks and bike paths

- Bicycle riders and passengers under age 16 must wear a bicycle helmet
- Bicycles ARE allowed on sidewalks but must yield to pedestrians (FS 316.2065)

Bicycle incidents are most likely to occur within five blocks of home and half occur in driveways and on sidewalks.

More kids ages 5-14 go the hospital ER with injuries related to biking than any other sport.

Over 70% of children ages 5-14 ride bikes - 27.7 million

SKATES & SKATEBOARDS

It's The Law:

- No person upon roller skates, or riding in or by means of any coaster, toy vehicle, or similar device, may go upon any roadway except while crossing a street on a crosswalk (FS316.1995)

Purchasing a helmet is an investment you can't afford not to make
- BE HEAD SMART -

PARENTS - If your child says to you...

"But Dad, I'm just gonna be out front..."

Research shows that the typical crash occurs within 1 mile of home.

"But Mom, I don't HAVE to wear a helmet ..."

Yet annually, more than 176,000 children ages 5-14 are treated in emergency rooms for skating, scooter and skateboarding injuries.

When the day is done...

LOCK IT UP

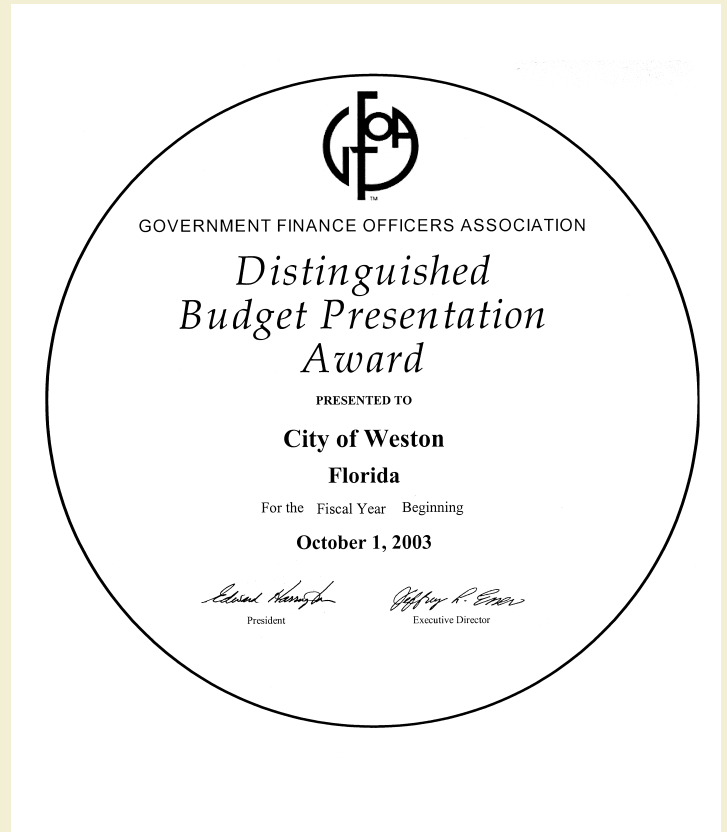

When your bike, scooter or skateboard isn't being used
Lock it up or place in a closed garage.

Weston is once again the recipient of the Distinguished Budget Presentation Award presented by the Government Finance Officers Association. This is the second year the City's Finance Administrator, Severn Trent, has submitted the budget for consideration on behalf of the City and the second year the award has been received by the City of Weston.

The Distinguished Budget Presentation Award is the highest form of recognition in governmental budgeting. The submitting entity must publish a budget document that meets the following program criteria:

- It must serve as a Policy Document
- It must serve as a Financial Plan
- It must serve as an Operations Guide; and
- It must serve as a Communications Device

PUBLICATION OF AN AWARD WINNING DOCUMENT REFLECTS THE COMMITMENT OF THE GOVERNMENT BODY AND STAFF TO MEETING THE HIGHEST PRINCIPLES OF GOVERNMENTAL BUDGETING

Bonaventure Improvements Looking Good! For anyone with construction still ongoing in their neighborhood, you can rest assured that the improvements are well worth the wait and your patience will be rewarded. The rights-of-way pictured along East Mall Road now encompass a serene meandering sidewalk flanked by extensive, well groomed foliage, which has transformed this roadway into a peaceful and aesthetically appealing thoroughfare.

Cypress Bay Theater

Not Your Grandfather's School Auditorium

Several of the City's annual performing arts events are held at the Cypress Bay Theater in Weston, located on the campus of Cypress Bay High School. In a quest to familiarize residents with this state-of-the-art facility, the City asked the school's Television Production class to produce a short video presenting the attributes of the theater. Our objective is to inform residents of the quality

and sophistication of this theater, which hosts world-class presentations right here in your own hometown.

Last season, the theater played host to the Miami City Ballet and the Symphony of the Americas, each of which have very stringent facility standards for their performances. Cypress Bay Theater not only met these requirements but far exceeded them. With not a bad seat in the house, patrons will find an excellent view from any one of the 640 seats.

Weston will again host several ticketed performances at the theater as a part of our upcoming 2004/2005 Performing Arts Series and we urge residents to participate in what we believe you will find to be an extremely enjoyable experience. At the Cypress Bay Theater, just minutes from your front door, parking is free and plentiful.

Proposed City Charter Amendments

SPECIAL ELECTION
Tuesday, November 2, 2004

Polls open from 7AM-7PM

Check your voter registration card for designated polling location

On November 2nd Weston residents will be asked to consider:

FOUR AMENDMENTS TO THE CITY CHARTER, which is the constitution of Weston's City government.

ONLY REGISTERED VOTERS RESIDING IN THE CITY OF WESTON MAY VOTE ON THESE ISSUES

Charter Amendments: Four proposed amendments will be on the ballot for the voters of Weston to consider. Each Amendment is considered individually. Any Amendment that is adopted will take effect upon certification of the election results.

PLEASE TAKE THE TIME TO REVIEW THESE AMENDMENT QUESTIONS AND CONTACT US WITH ANY QUESTIONS THAT YOU MIGHT HAVE ON THE PROPOSED CHANGES.

1. CRITERIA FOR DETERMINING RESIDENCE OF MAYOR, COMMISSIONERS AND CANDIDATES

Although the City Charter has certain residency requirements for candidates and elected officers, it does not contain criteria for determining residence. The proposed amendment would require the following to establish "Residence:" a place of abode within the Residential Area/City; a declaration of intent of making that place of abode the person's permanent home; registration to vote at that address; and a Florida driver's license or official Florida state identification that reflects that address.

Shall the above-described Amendment be adopted?

Yes No

2. CONTRACTING FOR TRADITIONAL MUNICIPAL SERVICES

Although traditional municipal services are currently provided through public and private contract providers, the current City Charter does not address the issue. The proposed amendment would require that traditional municipal services continue to be rendered through contract providers, not City employees, unless approved by at least a 4/5 vote of the City Commission. Traditional municipal services shall mean the following: public safety, public works, administrative services, community development and community services.

Shall the above-described Amendment be adopted?

Yes No

3. CHANGE OF MUNICIPAL ELECTION DATE FROM MARCH TO NOVEMBER

Currently, regular elections are held in March of odd-numbered years. Under this proposed Charter amendment, regular elections would instead be held on the same date as the November general election, in even-numbered years, commencing with the November 2006 election. Terms for Mayor and Commissioners elected in the March 2003 and 2005 elections, shall be three years, eight months (rather than four years) and shall constitute full "terms" for purposes of term limits.

Shall the above-described Amendment be adopted?

Yes No

4. PERMITTING LIMITED CHARITABLE CONTRIBUTIONS

The City Charter currently prohibits the City from making charitable contributions. The proposed Charter amendment would provide an exception to allow the City to make charitable contributions to certain charitable types of organizations (as defined in the Internal Revenue Code) that provide goods and/or services that directly and substantially benefit individuals in the City, provided that the total amount of all contributions shall not exceed \$25,000.00 per year.

Shall the above-described Amendment be adopted?

Yes No

**Las Propuestas Enmiendas a la
Carta Constitucional de la Ciudad**

ELECCIÓN ESPECIAL
Martes, el 2 de Noviembre de 2004

Los centros electorales están abiertos desde las 7am hasta las 7pm
Consulte su tarjeta de registración de votar para su designado centro electoral

El próximo 2 de Noviembre, los residentes de Weston considerarán:

CUATRO ENMIENDAS A LA CARTA CONSTITUCIONAL DEL GOBIERNO MUNICIPAL DE LA CIUDAD DE WESTON.

SOLAMENTE LOS VOTANTES REGISTRADOS QUE VIVEN EN
LA CIUDAD DE WESTON PODRÁN VOTAR SOBRE ESTOS ASUNTOS

Enmiendas a la Carta Constitucional: Cuatro propuestas enmiendas aparecerán en la encuesta electoral para la consideración de los votantes de Weston.

Cada Enmienda se considera individualmente. Cualquier Enmienda que se adopte no entrará en vigor hasta que se certifiquen los resultados de la elección.

**HAGA EL FAVOR DE REPASAR ESTAS PROPUESTAS ENMIENDAS, Y COMUNÍQUESE CON NOSOTROS
CON CUALQUIER PREGUNTA QUE TENGA AL RESPECTO.**

1. LOS CRITERIOS PARA DETERMINAR LA RESIDENCIA DEL ALCALDE, LOS COMISIONADOS Y LOS CANDIDATOS

Aunque la Carta Constitucional tenga ciertos requisitos de residencia para los candidatos y oficiales elegidos, no incluye los criterios para definir "residencia." La propuesta enmienda exige la siguiente definición para establecer "Residencia:" Un sitio de vivir dentro de la Area/Ciudad Residencial; una declaración de intento de hacer ese sitio de vivir el domicilio permanente de la persona; registración de votar usando la misma dirección; y una licencia de conducir de la Florida o identificación oficial de la Florida que refleja la misma dirección.

¿Deberá adoptarse la Enmienda de referencia?

Sí No

2. CONTRATANDO LOS TRADICIONALES SERVICIOS MUNICIPALES

Aunque los tradicionales servicios municipales se proporcionen al presente por medio de contratadores públicos y privados, la Carta Constitucional actual no se dirige al asunto. La propuesta enmienda exige que se sigan proporcionando los tradicionales servicios municipales por medio de los contratadores, no por los empleados de la Ciudad, a menos que sea aprobado de un voto por lo menos de 4/5 de la Comisión Municipal. Los tradicionales servicios municipales se definen como: la seguridad pública, las obras públicas, los servicios administrativos, el desarrollo comunitario y los servicios comunitarios.

¿Deberá adoptarse la Enmienda de referencia?

Sí No

3. CAMBIO DE LA FECHA DE LA ELECCIÓN MUNICIPAL DESDE MARZO HASTA NOVIEMBRE

Las elecciones regulares al presente se celebran en el mes de Marzo en años pares. Bajo esta propuesta enmienda a la Carta Constitucional, las elecciones regulares se celebren en el mismo día que la elección general en Noviembre, en años pares, empezando con la elección de Noviembre de 2006. Los plazos del cargo del Alcalde y de los Comisionados elegidos en las elecciones del Marzo de 2003 y Marzo 2005, serán por tres años y ocho meses (en vez de cuatro años) y constituyan "plazos del cargo" completos para propósitos de limitar los plazos del cargo.

¿Deberá adoptarse la Enmienda de referencia?

Sí No

4. PERMITIENDO LAS LIMITADAS CONTRIBUCIONES BENÉFICAS

La Carta Constitucional al presente prohíbe que la Ciudad haga las contribuciones benéficas. La propuesta enmienda a la Carta Constitucional establezca una excepción en permitir que la Ciudad pueda hacer las contribuciones benéficas a ciertas clases de organizaciones benéficas (como definidas en el Código del Servicio de Impuestos Internos) que proporcionan bienes y/o servicios que directamente y substancialmente benefician a individuos en la Ciudad, con el proviso de que el monto total de contribuciones no exceda \$25,000.00 por año.

¿Deberá adoptarse la Enmienda de referencia?

Sí No
