

SPEED HUMP PETITION
BY

(Subdivision Name)

PURSUANT TO CODE OF ORDINANCES §127.36 (A)(1)

Speed humps may be considered as a speed reduction/traffic calming device if warranted and installed consistent with City of Weston Code of Ordinances §127.36. Installation requires 67% (minimum) approval by affected property Owners, which approval shall be obtained by the utilization of a standard petition form provided by the City. The "affected property Owners" for installations within a privately maintained community or subdivision shall be defined as the entire membership of the Homeowners' Association. The "affected property Owners" for installations on a public Cul-de-Sac or no-outlet condition Roadway shall be all homeowners with lots having direct access onto the subject Roadway. The "affected property Owners" for installations on a public through Street shall be defined as all homeowners located within a half mile band width perpendicular to the centerline of the Roadway extending a half mile along the Roadway in each direction from the proposed installation.

The signature of only one owner per property is required. In the space provided, sign your full name and check the "approve" box if you approve the installation of the speed humps. Check the "do not approve" box if you do not approve of having the speed humps installed. Please ensure that all information is accurate and legible.

Speed humps are being requested by _____
(Subdivision Name / Property Manager)

for _____ **from** _____
(street name) (beginning point – intersecting street)
