# MAP & GUIDE

2023 - 2024

To Our Residents, Business Owners and Visitors –

The City of Weston is pleased to provide you with this complimentary 2023-2024 Map & Guide.

Inside, you will find a detailed street map, contact information for the City Commission and City departments, as well as an easy-to-use parks amenities chart inclusive of sports league and recreation information. The Map & Guide is a convenient information resource. You will see different providers listed under the various departments and services section of this guide. The reason is that the City of Weston provides services to its residents and businesses through a progressive form of contractual municipal management. The City utilizes public and private sector contracts rather than the traditional method of having numerous city employees. This contractual method of providing services enables Weston to adjust resources nimbly and efficiently at any time in a competitive environment and without maintaining burdensome overhead.

Weston's picturesque setting is home to a social, family-oriented population that is culturally diverse and boasts an actively involved residential and corporate community. Comprised of the finest residential neighborhoods, Weston has the distinction of having a low crime rate, outstanding public safety services, a visually distinctive and meticulously landscaped environment, a superior parks and recreation system, low millage rate, AAA credit ratings, top-rated public and private schools, and world-class health care facilities.

Weston prides itself on delivering residents and visitors with an unparalleled lifestyle, meeting all your needs within the confines of the community.

**Discover Weston and all that it has to offer.**

## FLOOD INSURANCE

**Homeowner insurance policies do not cover loss due to flooding.** Weston participates in the National Flood Insurance Program, which makes coverage available to everyone in the City at a discounted rate. Residents and business owners are urged to buy flood insurance to protect against potential devastating loss. Property owners may insure buildings and contents; renters may insure their possessions. Just because your property has never experienced a flood does not guarantee that it will not happen. Your insurance agent can provide you with information regarding flood insurance for your home or business. The National Flood Insurance Program is also an informational resource at 1-888-CALL-FLOOD, or visit [FEMA.gov](http://FEMA.gov).

### FLOOD INSURANCE SAVINGS FOR WESTON RESIDENTS AND BUSINESSES

As a result of the City of Weston's Class 6 rating in the National Flood Insurance Program's (NFIP) Community Rating System (CRS), **Weston property owners receive up to a 20 percent discount on the cost of flood insurance for NFIP flood insurance policies** issued or renewed in Special Flood Hazard Areas on or after May 1, 2014. Preferred Risk Policies, applicable in Zones B, C, and X on the NFIP Flood Insurance Rate Map are not eligible for the CRS discount.

The Flood Insurance Rate Map (FIRM) shows the flood zones for Weston. Insurance agents, lending institutions & community officials use the FIRM to determine the location of a specific property and the corresponding flood zone. Community officials use the information to administer flood plain management regulations. If you would like a copy of a FEMA flood map, you can order one online at [msc.fema.gov](http://msc.fema.gov) or call 1-800-358-9616.

**Questions?** Please contact Weston Public Works at 954-385-2600, Monday - Friday 7:00 a.m. - 4:00 p.m., or visit the City website at [WestonFL.org/Flood](http://WestonFL.org/Flood).

All of this would not be possible without a vast pool of dedicated volunteers.

*Please see the Parks Chart and list of Sports Leagues on the inside of this guide.*

The **Landscaping Department** manages the maintenance of all landscaping and irrigation infrastructure within the City's public green spaces, including parks and athletic fields, as well as public rights-of-way such as berms and medians. The maintenance of trees on public property includes structural pruning to thin out the upper canopy allowing wind to flow through, reducing trees lost in storms.
